Lampiran 8. Internship Job Description

Student's Name	:	
Institution/Company	:	Department :
Supervisor's Name	:	
Supervisor's Position / Job Title	:	
Working Hours	:	
Internship Duration	:	

A. Summary of the Job

Describe the general purpose of your work during the internship. This may include the main project you worked on during the internship.

When I was assigned as an intern, my main task was to assist the IT Department in creating UI/UX designs for the xyz application project.

B. Description of Duties and Responsibilities

Please explain the responsibilities that you are expected to perform during the internship period.

Example :

Duties/Responsibilities/Targets to be Achieved/Deadlines
User Research and Analysis: ● Conduct user research through surveys, interviews, and usability testing to gather insights on user needs and behaviors. ● Analyze user data to identify pain points and opportunities for improving user experience. **Wireframing and Prototyping:** ● Create wireframes and interactive prototypes using tools such as Figma, Sketch, or Adobe XD. ● Iterate on designs based on feedback from stakeholders and usability testing. **Visual Design:**

- Develop high-fidelity mockups and visual assets that align with the brand guidelines and design standards.
- Ensure visual consistency and usability across all digital platforms.

Collaboration:

- Work closely with cross-functional teams, including developers, product managers, and marketing, to ensure design feasibility and implementation.
- Participate in design reviews and provide constructive feedback to team members.

Usability Testing:

- Plan and conduct usability testing sessions to validate design solutions.
- Compile and present usability test results to stakeholders, with recommendations for design improvements.

C. Required Knowledge and Skills

Please state the required technical knowledge, skills, and attitude, that you perceive is required to perform the duties successfully

Example :

Knowledge	Skills	Attitude
1. User Experience Principles 2. Design Thinking Process 3. Human-Computer Interaction (HCI) 4. Typography and Color Theory 5. Web and Mobile Design Standards	1. Wireframing and Prototyping 2. Visual Design 3. User Research 4. Usability Testing 5. Collaboration and Communication	1. Curiosity and Learning 2. Empathy 3. Attention to Detail 4. Adaptability 5. Proactiveness

Student Agreement of Responsibilities

This job description has been explained to me clearly, and I understand and agree to the duties and responsibilities stated.

Agreed by,
